

Greetings,

The Individualized Education Account (IEA) Program is pleased to present a virtual training session on required assessments, as the time to schedule these nears. This training will help families become familiar with assessment options and requirements. At the conclusion of this training, attendees should recognize which students are required to take these assessments, when assessments are required, and how to schedule them.

We encourage all account holders to attend this session. This training may enhance your proficiency with the process and will provide updates to the program.

Please mark your calendars for:
